MEMORANDUM FOR THE RECORD

SUBJECT: CIA Agreement with VA and St. Elizabeths Hospitals

1. The undersigned chaired a meeting to discuss the Agency's agreement with VA and St. Elizabeths Hospitals for admission and treatment of CIA beneficiaries. It was attended by:

[REDACTED], DD/OPPP&M  
AD/Office of Security  
Office of Medical Services  
Office of General Counsel  
Office of Security

2. [REDACTED] expressed a strong concern for the agreement that had been endorsed by the DDCI and representatives of the two hospitals on primarily four points:

a. That this Agency has broad authority to hospitalize "beneficiaries."

b. "All costs for admission and hospitalization will be born by the CIA" for Agency beneficiaries.

c. In the event of a death of a beneficiary, the Agency will assume burial costs.

d. The definition of beneficiary as described by [REDACTED] in a 10 October 1979 memorandum.

3. [REDACTED] OGC had prepared implementing guidelines to the joint agreement suggesting a committee be convened when an unusual case arises which requires admission and/or commitment of a "beneficiary" to a hospital.

4. [REDACTED] pointed out that the purpose of the agreement served to ensure that a hospital bed(s) would be available to the Agency in only the most unusual circumstances (primarily operational), and if the person for whom the Agency is responsible can not be admitted to a local hospital for whatever reason. Interest in VA relates to availability of hospitals throughout the country. He also talked of a previous agreement (from the late '50's which was similar to the one recently approved).

5. While [REDACTED] position was understood there was consensus that the agreements which were signed by the DDCI and the hospital representatives were much too broad and could possibly be interpreted as providing the Agency indiscriminate authority to hospitalize (commit) patients.

6. (It was agreed that [REDACTED] will prepare an implementing procedure which will adequately protect the Agency, will define beneficiaries, will clarify the Agency's payment responsibilities and will drop any notion of convening a committee to make determinations that can only be the responsibility of the medical profession.

RECEIVED		FORWARDED		COMMENTS (Number each comment to show from whom to whom. Draw a line across column after each comment.)  As suggested in  memo of 16 Jan 80 I feel it advisable to have a meeting to discuss guidelines for implementing the VA and St. Elizabeths Hospital Agreements.  The agreements plus a memo from  to the undersigned, dated 10 Oct 79 were forwarded for information and comment on 29 Jan 80. I have added the following:  a. Memo to  from  OGC; 29 Sept 78 b. Memo to DDCI; dated 23 March 80 from  c. Memo to DDCI from C/Med.Dir. VA Hosp. w/Agreement; dated 18 Sept 78 d. Memo to DDCI from DDA; dtd 6 Oct 78 e. Memo to EO/DDA from D/OS; dtd 5 Feb 80.  I think this information is sufficient background to discuss the OGC guidelines. The meeting will be 19 March, 0930 hours, in Rm 7D32. It is my intention to hold this meeting to one hour and resolve issues on the guidelines once and for all.    Atts.: As stated.
